

OUR FAVORITE COLORS FOR 2023

FREITAG from Zurich buys used truck tarpaulins from all over Europe and uses them to produce bags and accessories. How much we pay you for the tarps doesn't just depend on the size and quality, but also on how rare the color is.

SO, BRING THEM ON! ALWAYS! NOW!

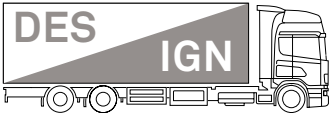

Used truck tarps in these category-A colors are always high in demand at FREITAG, which is why we pay the most for them – regardless of whether they're plain or feature a design/lettering.

Orange	Pink	Purple	Light gray	Dark gray	Black
Brown	Beige	Light green	Green	Dark green	Industrial green

YES! PLEASE!

We're happy to buy category-B tarps in these colors with design/lettering at a slightly lower price.

only with lettering

White	Red	Dark red	Yellow	Digitalprint
Dark blue	Blue	Light blue	Silver	

HMM... MAYBE?

Do you have tarpaulins in other colors? Send us a photo of your tarps and we'll get a quote to you immediately. For contact information, see page 2.

TRANSPORT TO ZÜRICH

- We'd be happy to arrange pick-up of your tarps on EPAL pallets (120 × 80 cm) and cover all the arising costs.
- A pallet has room for up to five tarps if they are folded or rolled up neatly (max 600 kg).
- Please fasten securely with belts or straps.
- Mark each pallet clearly with your name.

THINGS TO NOTE

We buy used tarpaulins, but they still need to be suitable for production.

For us, the following points are important:

- no tarps that are too hard or brittle
- no adhesive foil or painted-over tarps
- no anti-vandalism-feature (steelwire grid welded on the inside of the tarpaulin)
